where the people contributes the balance Viz ½ of the cost But in G O No Pl 6741-2/Ed. 207-05-2 of 12/4/06 it was observed in Connection with the grant Recommended for the ~~English School at Hanamakatte~~ addition of an English class to the Vernacular School at Hanamakatte, where the people agreed to contribute ½ of the Cost of the English class, that "Govt Considers that it is not quite a wise measure to provide for a smattering of English being taught in small Villages like this and they are not prepared to sanction the grant." (Vide Statement B attached to the above order) Thus the order of 12/4/06 ~~is~~ Impliedly or less Cancels that of the 2nd December 1907.

2 Mr Wen Considers that it Should be laid down as a general principle that if the Villagers Voluntarily Come forward and offer to pay their Contributions towards the Cost of English instruction, it is sufficient proof of the Strength of their desire for such education and as far as funds are available, Govt assistance Should be given

to the observations made in the Government order of 2nd December 1901, the order of the 12th April 1906 does not seem to require reconsideration, as the money spent on English Education in Village Schools is not likely to secure useful results
